

Joshua David

Full-Stack Developer

Lagos, Nigeria | joshuad692@gmail.com | [LinkedIn](#) | [Github](#) | [Website](#)

Experienced Full Stack Developer with over 2 years of hands-on expertise in crafting dynamic web solutions. Proficient in both front-end and back-end development, I bring a holistic approach to every project, ensuring seamless functionality and user satisfaction. Let's innovate together!

AREA OF EXPERTISE

Javascript	React.Js	Node.Js	Express.Js
Git	Tailwind	REST APIs	SQL
PostgreSQL	Wordpress	C#	Next.Js

KEY ACHIEVEMENTS

App Creation: Integral member of the team developing the City Sports Group app. Led the preparation of the data schema, designed SQL tables, and established table relationships using PostgreSQL ensuring ACID compliance. Authored comprehensive documents outlining app requirements, user roles, permissions, and dashboard specifications.

Increased Online Presence: Successfully constructed and managed websites for various subsidiaries within the City Sports Group, enhancing their digital footprint and accessibility.

Tech Support: Pioneered responsive customer service, promptly addressing issues related to tuition payments, website navigation, and general inquiries. Provided vital technical support across departments, ensuring seamless day-to-day business operations.

PROFESSIONAL EXPERIENCE

CITY SPORTS GROUP

Frontend Developer

Lagos, Nigeria

January 2023 - Till Date

Develop and Maintain Website UIs:

- Utilize expertise in development to create and maintain websites for City Sports and its subsidiaries.
- Customize themes, implement user interfaces, and ensure optimal functionality and user experience.

Provide Technical Support:

- Offer comprehensive technical support to customers, various departments, and the CEO.
- Proactively address inquiries, troubleshoot issues related to website navigation, payments, and general tech-related matters.

Contribute to Decision Making:

- Serve as a key member of the Management Team, actively participating in organizational decision-making processes.
- Provide valuable insights and technical expertise to inform strategic decisions and initiatives.

Documentation and Content Development:

- Develop and maintain a variety of documents crucial for organizational operations, including:
- Data schema for the City Sports App.
- App requirements documentation.
- Yearbook content and layout.
- Ensure accuracy, clarity, and accessibility of all documentation.

Sports Analytics and Video Analysis:

- Act as a video analyst for the City Sports Group, utilizing sports analytics software such as Veo.
- Provide detailed player statistics and data visualization to inform coaching strategies and player performance evaluation.
